	8	10	12	
5	40	50	60	84"
6	48	60	72	95"
Length	52"	62"	74"	

Danio Housing

Zebrfish IVT Tank & Rack Systems

Features & Benefits

- **Re-engineered rack system** - allowing for the tanks to slide into individual "parking spots" - via slots in the rack for extra security and efficiency

- **Slide-in divider** - for partitioning the tanks into two 2 L sections as needed

- **Rigid inlet tubing** - non-floppy, durable, long-lasting, easy to clean tubes

- **Dual feeding holes** - to improve and refine feeding procedures

- **L-shaped baffle design** - that naturally funnels away unwanted waste and debris out of the tanks

- **Wide channeled bottom design** - for better drainage & optimal waste removal - leading to higher circulation, easy cleaning, and no clogging
