

Health Monitoring Services Include:

Test	Price	Description
Complete PCR Panel	\$245	<i>Mycobacterium abscessus, Mycobacterium chelonae, Mycobacterium fortuitum, Mycobacterium gordonae, Mycobacterium haemophilum, Mycobacterium marinum, Mycobacterium peregrinum, Mycobacterium saopaulenses, Edwardsiella ictaluri, Pseudocapillaria tomentosa, Pseudoloma neurophilia, Myxidium streinsingeri, Flavobacterium columnare, Ichthyophthirius multifiliis, ISKNV (Infectious spleen and kidney necrosis virus), Piscinoodinium pillulare, Pleistophora hypheobryconis, Zebrafish Picornavirus</i>
Core PCR Panel	\$135	<i>Mycobacterium abscessus, Mycobacterium chelonae, Mycobacterium fortuitum, Mycobacterium gordonae, Mycobacterium haemophilum, Mycobacterium marinum, Mycobacterium peregrinum, Mycobacterium saopaulenses, Edwardsiella ictaluri, Pseudocapillaria tomentosa, Pseudoloma neurophilia, Myxidium streinsingeri, Zebrafish Picornavirus</i>
Mycobacterium PCR Panel	\$190	<i>Mycobacterium abscessus, Mycobacterium chelonae, Mycobacterium fortuitum, Mycobacterium gordonae, Mycobacterium haemophilum, Mycobacterium marinum, Mycobacterium peregrinum, Mycobacterium saopaulenses</i>
Microbiology	\$86	<i>Aeromonas dhakensis, Aeromonas hydrophila, Edwardsiella ictaluri, Flavobacterium columnare, Plesiomonas shigelloides, Pseudomonas aeruginosa, Pseudomonas fluorescens, Saprolegnia spp.</i>
Histopathology	\$90	Necropsy, Slide preparation, H&E and Acid-Fast stain
Gross Necropsy	\$15	External and Internal

Testing & Reporting

Danio Lab offers a wide variety of diagnostic testing to the scientific zebrafish community to help maintain high levels of health throughout your zebrafish facilities.
