Diets & Dispensing

## Zebrafish Feeders

### Designed with the user in mind

- Our feeders were specifically designed to accurately dispense the sensitive Gemma 300 feed and work with many other dry feeds in the 100 -500 micron range.

## MODEL: ZF ONE

The ZF ONE Zebrafish Feeder is a new smaller model with one fine dose setting. The preset feed range is ideal for 1-2 adult fish and larval tanks.

### Features

- 6061 Anodized Aluminum Construction
- 45 mL Capacity
- 1 Preset Dose Setting
